

# light only + motion | long installation instruction

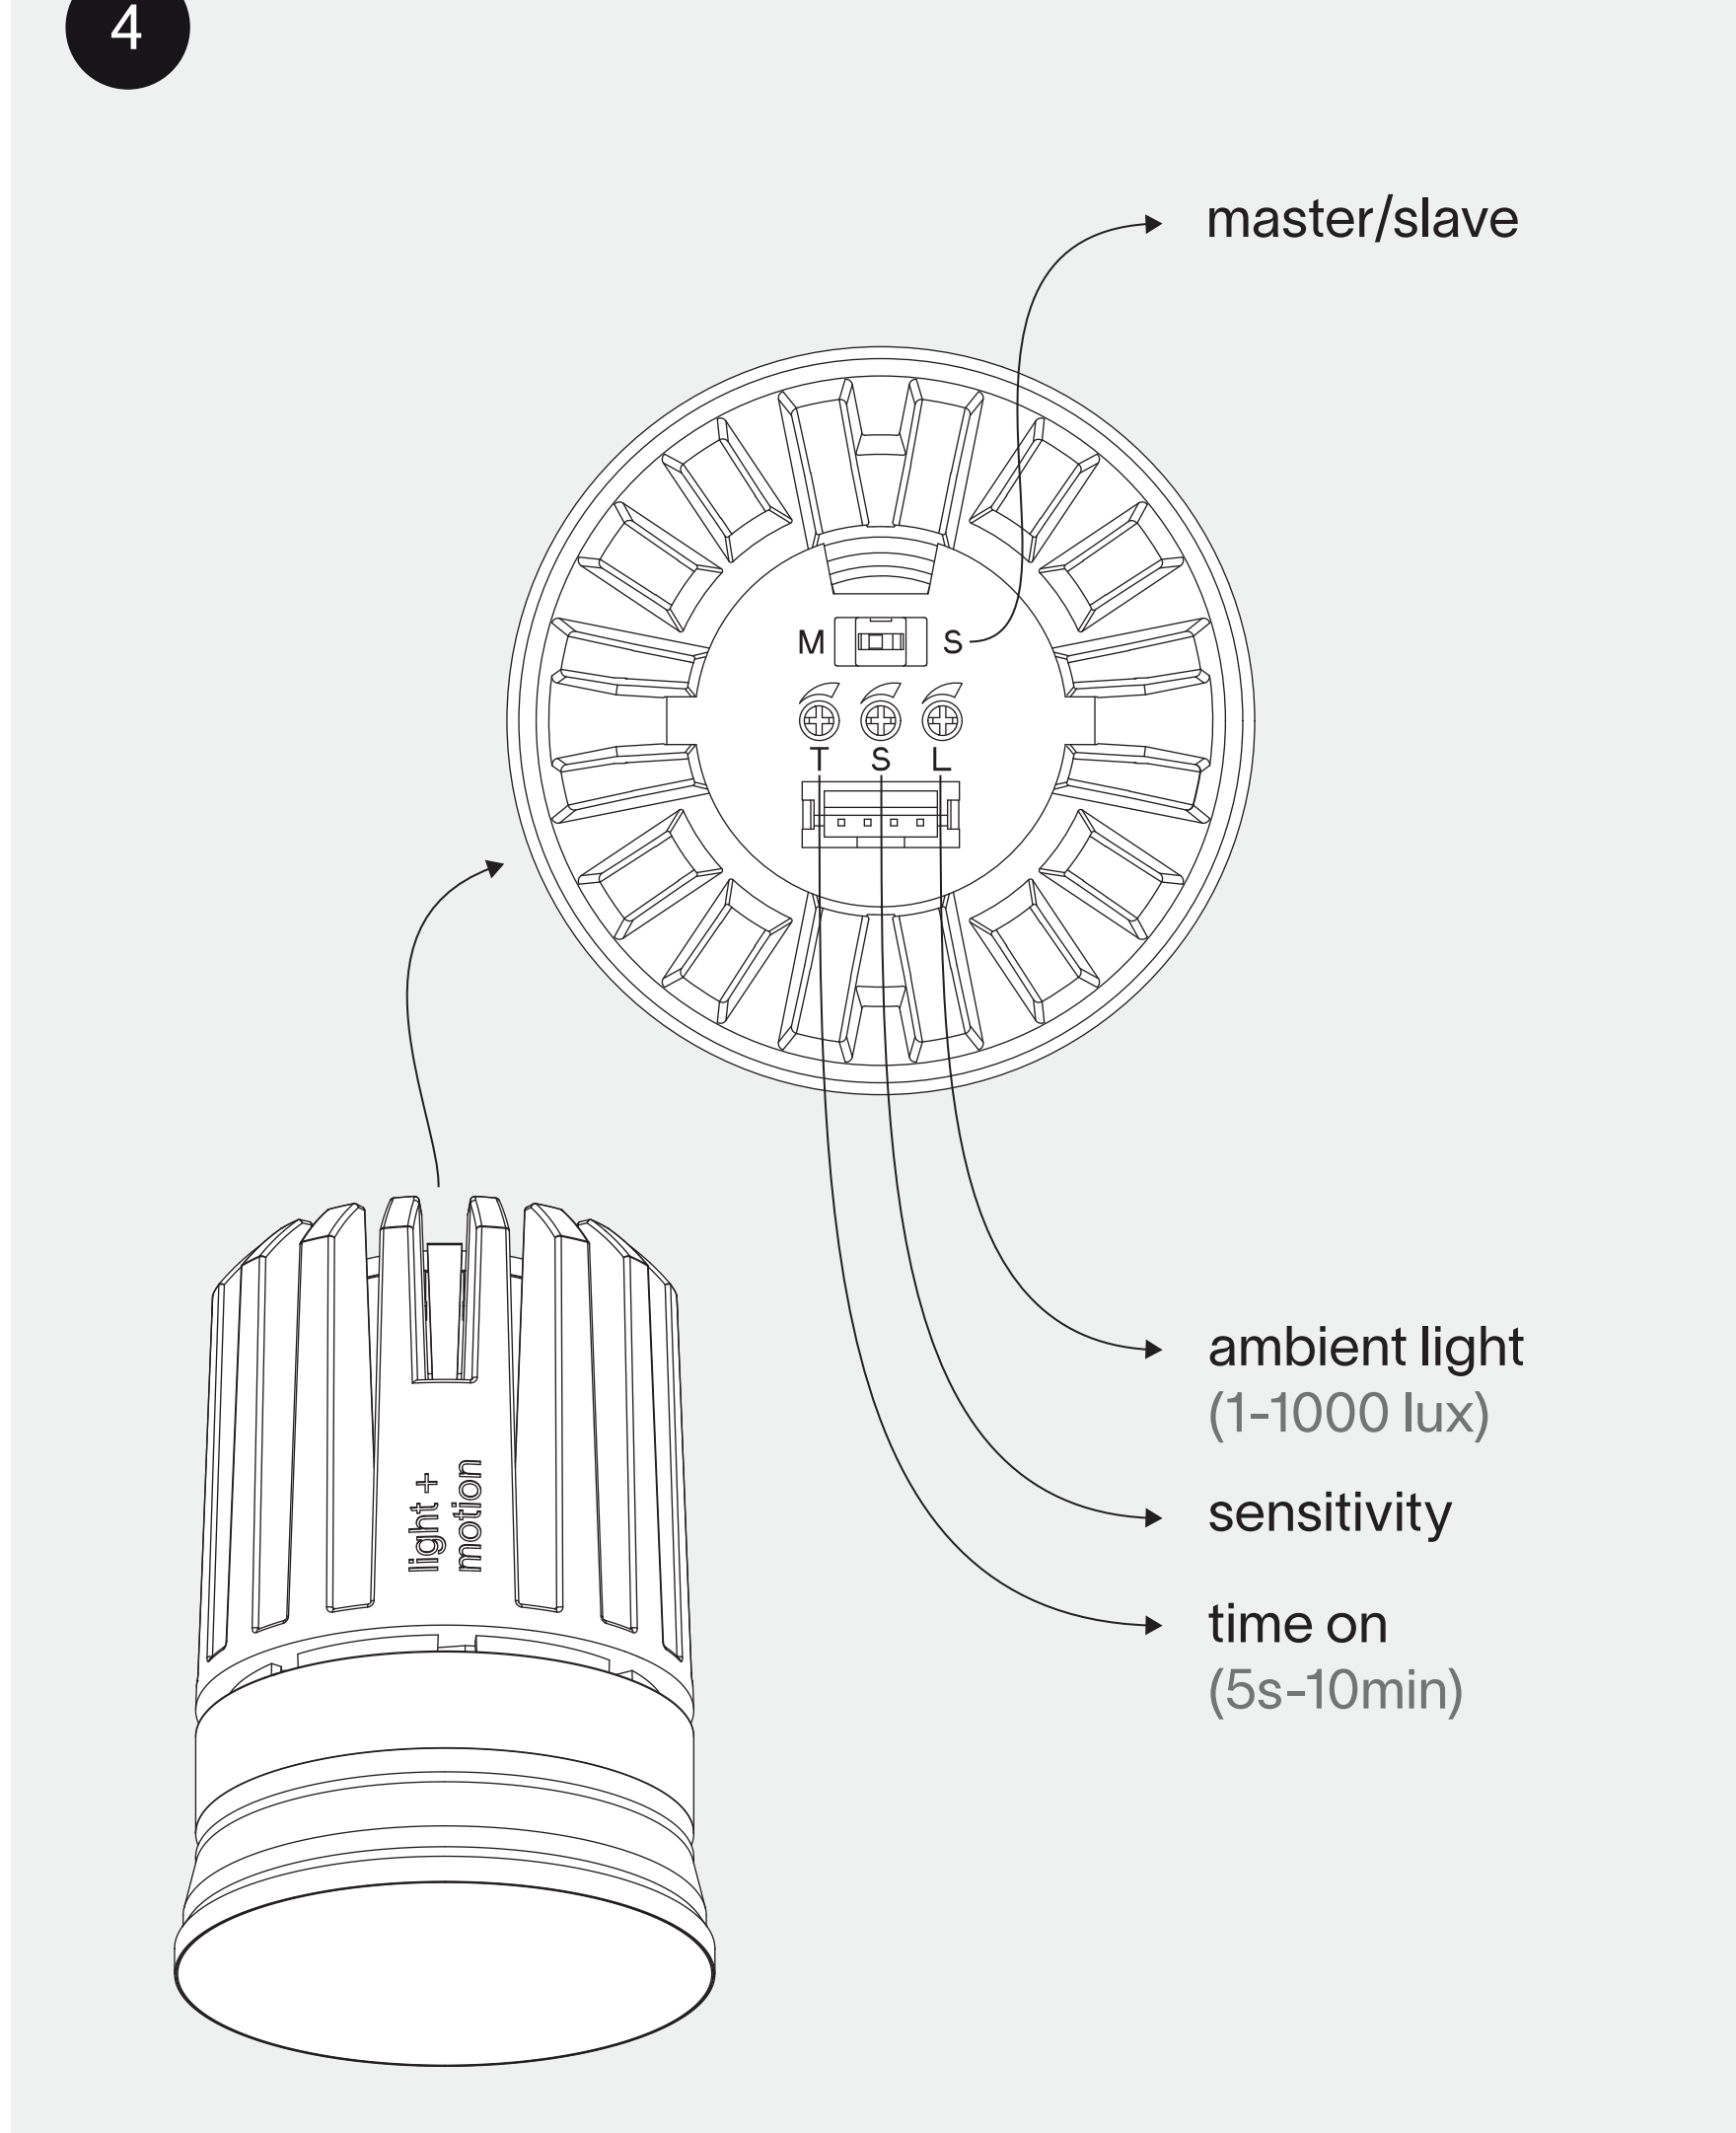

turn the power off

connect the wires with waterproof connectors for parallel connection, respect polarity combine with prado LED-driver

for both maintenance and the adjustment of settings, the luminaire can be removed from the housing using duct tape

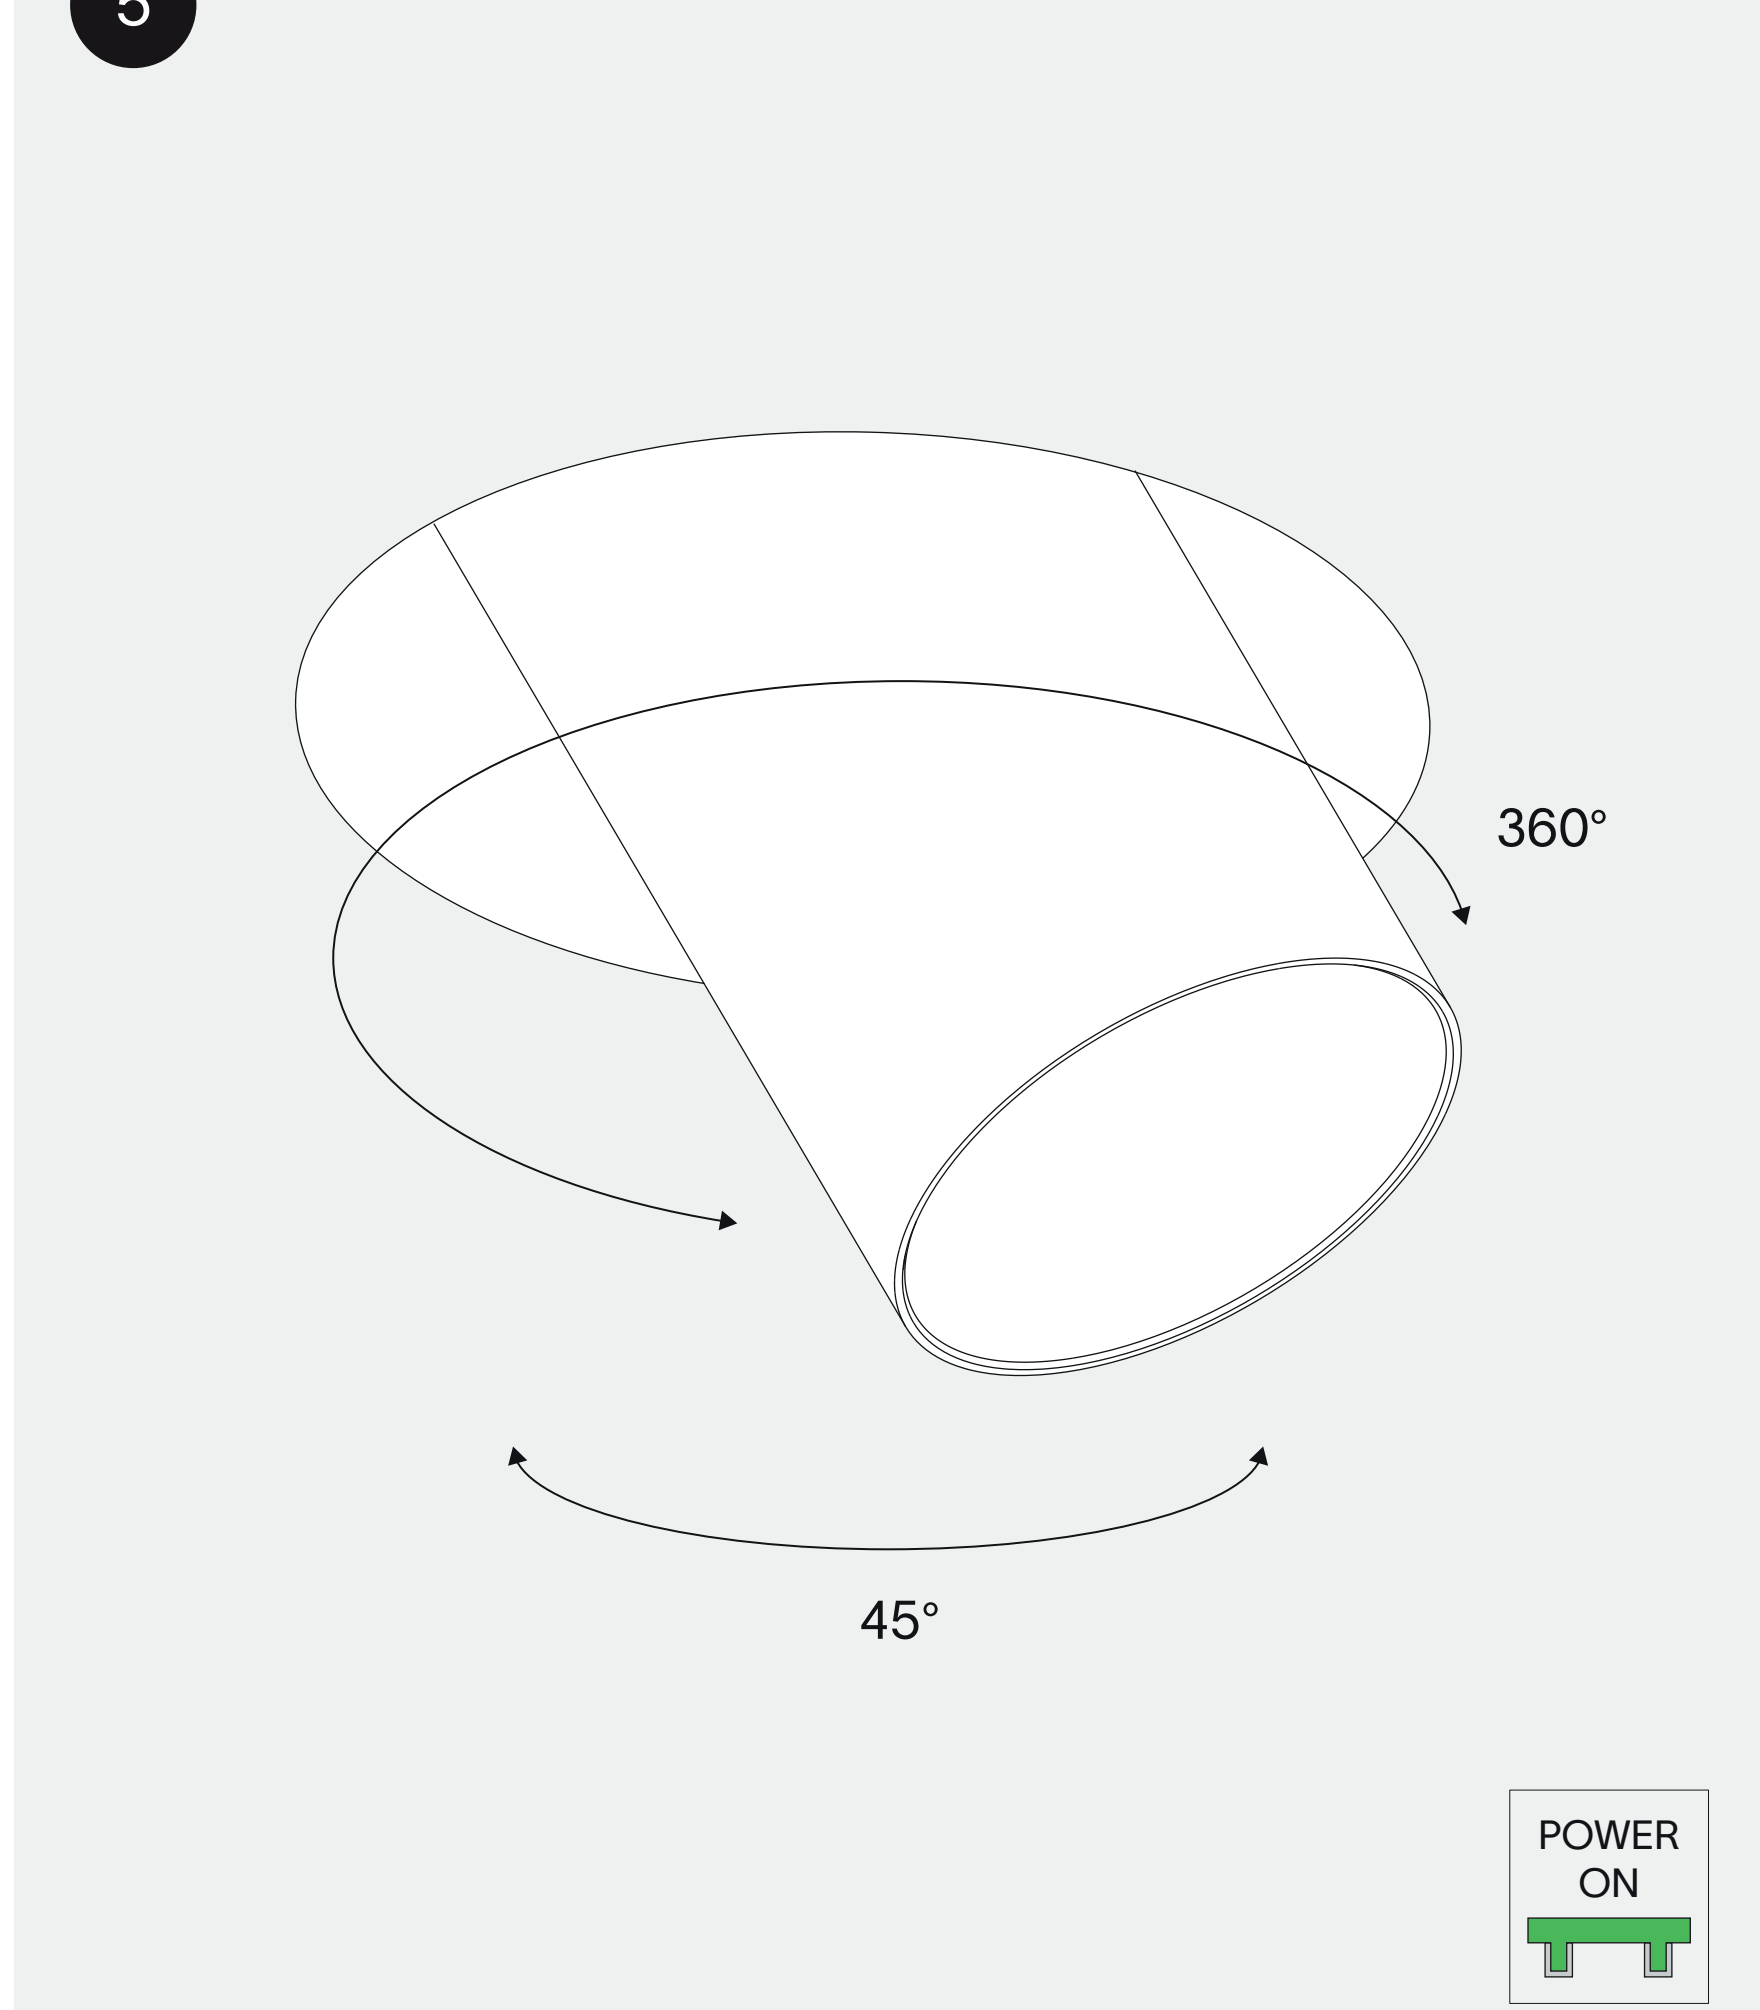

if desired update standard settings with a screwdriver

## standard settings

- ambient light: 100 lux
- sensitivity: no pets detectable
- time on: 5min

<p>T = short time on</p> <p>S = low sensitivity</p> <p>L = low ambient light</p>	<p>T = long time on</p> <p>S = high sensitivity</p> <p>L = high ambient light</p>
--	---

twist the luminaire as desired  
thank you for choosing prado
