01. WORK PREPERATION

ELOA accepts no liability for damage during installation if it's carried out incorrectly. Please read through all the steps carefully before starting the installation:

- Check the luminaire as delivered (according to the delivery bill).
- Ensure that the glass and cables are intact.
- No additional tools are required for installation.

02. ASSEMBLY

- Position the light in the desired location.
- Screw the light bulb into the socket as far as it will go.

Caution! Electrical components:
The plug must not be connected to the power subbly when inserting the light bulb.

- Carefully place the glass over the light bulb, centered on the lamp base.
- Finally, insert the plug into a socket and operate the manual dimmer to switch on the lamp.
