HIGHLINE

RP-E-1502

Minimalist and elegant, Highline is a true modern classic of linear lighting, prized for a sense of restrained luxury that allows the surrounding architecture to shine. With carefully considered detailing, Highline showcases honest, precious materiality and exemplary workmanship.

Within its incredibly slim profile, Highline incorporates both upward and downward lighting of impressive potency. The luminaire features oiled walnut details and waxed brass living finishes that age gracefully and patina over time. White or black editions are available for a monochromatic aesthetic.

*STANDARD

**Terms and Conditions: Rakumba's clear protection coating significantly increases resistance to oxidation and surface changes over time.

Longevity is not guaranteed for a fixed time period or for all environments; this will vary depending on location, site conditions, cleaning, exposure to caustic substances etc. We recommend treating the surface with care to preserve it as long as possible.

Once damaged, the clear protection coating may be restored – please contact Rakumba for more information.
